"Unity and Maturity in Christ"

Welcome

Dear Bayside Families,

After yet another difficult year, we look forward to 2022 being a year filled with many opportunities to reconnect with the College community as we celebrate our 40th anniversary together.

We want the College to grow and flourish, as we continue to focus on nurturing and preparing young people for a life of responsive discipleship.

Blessings,

Andrew Manning, Principal

Vision

“To nurture and prepare young people for a life of responsive discipleship.”

Fee Inclusions

Annual Tuition Fees

Tuition fees are billed annually with options to pay in instalments. These fees are inclusive of the core cost of tuition, stationery, excursions and camps for your child, and many materials, texts and other costs.

The Years 7-9 tuition fee includes a rental fee for the take-home Chromebook. A \$500 'Lease to Own' fee is included for the Years 10-12 MacBook. Some other charges may apply to optional activities and specific classes of choice such as VCE classes, and some supplementary resources.

VCAL & VET Subsidies

VCAL tuition fees are lower than VCE fees to reflect the additional fees required for VET courses.

VET courses receive only limited government support toward the external cost of provision. Any relevant funding received is used to reduce per student costs, but additional course or materials costs set by the RTO Provider have to be met by parents. These VET fees are added to family fee accounts. Parents should seek confirmation of fees from the VET Coordinator prior to enrolment.

VCE students who also enrol in an external VET course will receive a \$1,500 subsidy upon successful completion of their course.

Camps & Outdoor Education

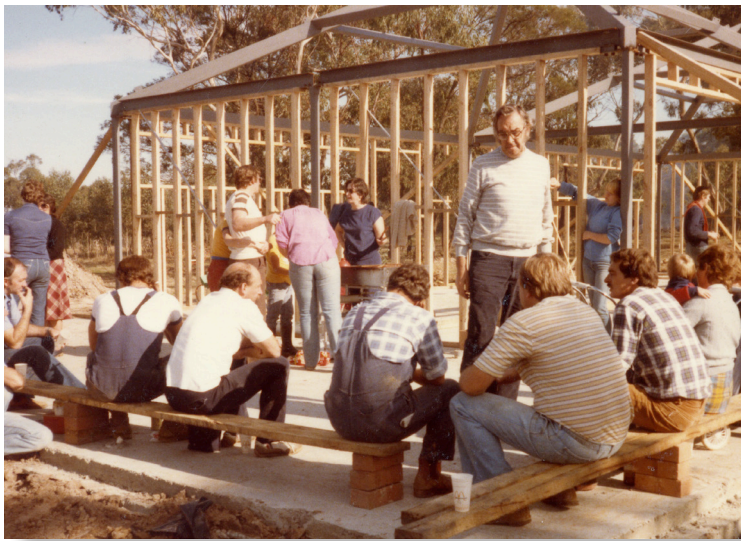

Year level camps and excursions are included in College tuition fees. Extra charges may apply for non-compulsory excursions or camps, or for those related to specific elective classes of choice.

Celebrating 40 Years

The year 2022 provides us with an opportunity to celebrate our 40th anniversary, revisit our historical beginnings, and also create a vision for 2030 and beyond.

Our College has grown from a small school started in 1982 by committed parents who mortgaged their homes, to a College that runs from 3 year old ELC to VCAL and VCE.

To meet our operating expenses we have our annual tuition fees, but to continue to grow and fulfil our vision we need your ongoing commitment, support and involvement. For all your contributions in the past we are extremely thankful.

Bayside Building Fund

While we no longer include a compulsory Building Fund Levy in our College fees, the College encourages families who have been less affected by COVID-19 disruptions to consider making a voluntary, tax-deductible Building Fund donation.

Bursary Support

In 2022 we encourage families, who have the financial capacity, to contribute to our College Bursary Fund. This important and valued fund allows the College to offer support to families who have experienced hardship or financial difficulty to maintain their enrolment.

“This College isn’t just for our children, it’s for the children of our children.

We should be encouraging those who have gone on and are parents themselves to think about Christian education for their children and pray that they will see the blessings and want it to continue through to the next and the next generation.”

Bayside Christian College is committed to planning for the future and to aligning its practices to our vision.
