College

"Unity and Maturity in Christ"

Welcome

Dear Bayside Families,

In 1982, what is now known as Bayside Christian College opened its doors to a small but excited group of founding students and staff in a church hall in Frankston. Since then, the College has grown into the beautiful and amazing school it is today. With 60 acres on the north campus to be developed, and a south campus that is ready to be renovated and re-envisioned for its next season, the future of the College is exciting and bright.

The next phase of development will require new facilities to be designed and built, as well as existing facilities reimagined and renovated, to enable us to help students discover and develop their God-given gifts and talents.

Your commitment to the development of the College will ensure that your children, and subsequent generations of students, will be blessed with access to a range of high-quality facilities that not just enable students to learn and grow, but also serve as a testimony to the glory of God.

Andrew Manning, *Principal*

Vision

“ To nurture and prepare young people for a life of responsive discipleship. ”

Fee Inclusions

Annual Tuition Fees

Tuition fees are billed annually with options to pay in instalments. These fees are inclusive of the core cost of tuition, stationery, excursions and camps for your child, and many materials, texts and other costs.

The Years 7-9 tuition fee includes a rental fee for the take-home Chromebook. A \$500 'Lease to Own' fee is included for the Years 10-12 MacBook. Some other charges may apply to optional activities and specific classes of choice such as VCE classes, and some supplementary resources.

VCE-VM & VET Subsidies

VCE-VM tuition fees are lower than VCE fees to reflect the additional fees required for VET courses. VET courses receive only limited government support toward the external cost of provision. Any relevant funding received is used to reduce per student costs, but additional course or materials costs set by the RTO Provider have to be met by parents. These VET fees are added to family fee accounts. Parents should seek confirmation of fees from the VET Coordinator prior to enrolment.

VCE students who also enrol in an external VET course will receive a \$1,500 subsidy upon successful completion of their course.

Camps & Outdoor Education

Year level camps and excursions are included in College tuition fees. Extra charges may apply for non-compulsory excursions or camps, or for those related to specific elective classes of choice.

The Bayside Foundation

Over the past 40 years, College families have faithfully ensured they have paid their tuition fees and, in partnership with parents, the Board has worked to keep tuition fees as low as possible. However, fee payments only finance the College from one year to the next.

To ensure we can continue to serve our students and families for the next 40 years, we have introduced the Bayside Foundation. The Foundation provides a way for current families to invest into the future of the College in two key ways: the Bursary Fund and the Building Fund.

Both these funds are designed to enable the College to assist in providing an opportunity for more families to access Christian education. Donations to the Bayside Foundation can be made by way of an annual donation or by allocating early payment fee discounts to the Bursary and/or Building Funds. Please consider investing in the future of the College by donating to the Bayside Foundation.

Bayside Christian College is committed to planning for the future and to aligning its practices to our vision.

- Strategic Intent 2020-2030

Building Fund

Provides an opportunity for families to invest in resources and infrastructure projects. Investing into future developments will ensure the College has the facilities for students to continue to develop and thrive.

Bursary Support

The Bursary Fund provides financial support for low-income families who cannot afford Christian Education due to short to medium-term financial hardship.
